

BUILDING HOUSES THROUGH BUILDING PEOPLE

SUPPORT PROGRAMME FOR PUBLIC HOUSING PRACTITIONERS

Introduction to Housing Policy for Housing Administrators

Presented by Department of Public Governance, University of Johannesburg,
in partnership with Shisaka Development Management Services

BRIEF DESCRIPTION

This short learning programme in housing policy for housing administrators supports the national objective of providing an accelerated rate of housing delivery for the people of South Africa. It responds to the capacity building needs of housing departments at municipal government level.

Learners who complete this short learning programme in housing policy at a basic level will be able to deliver a housing administration service that supports effective and efficient housing delivery within the context of national and local housing policy.

COURSE CONTENT

- The housing delivery process
- An introduction to housing policy
- The foundations of housing policy: sustainable human settlements
- Municipal housing policy and activities
- The role of the housing administrator

LEARNING OUTCOMES

Through a process of lectures / presentations, interactive group discussions, group practical work, oral and written reports, participants should be able to:

- **Explain** the housing delivery process and how a housing project is implemented
- **Analyse and discuss** the intent and key points of housing policy and legislation
- **Analyse and explain** the responsibilities and activities of the municipality within the context of municipal housing policy

- **Apply** the understanding of housing policy and the housing delivery process to the role of the housing administrator

LEARNING ASSUMED TO BE IN PLACE

Delegates should have a Grade 12 or equivalent NQF level 4 qualification.

WHO SHOULD ENROL?

Administrators or equivalent roles within municipal housing departments

ASSESSMENT AND ACCREDITATION

This course is a short learning programme at new HEQF level 5 and carries 3 credits. To obtain a certificate issued by the University of Johannesburg, all assessment requirements must be met.

COURSE STRUCTURE

- 3 days full time

COURSE FEE

R 6 750.00 (excl. VAT) per delegate – all course material and refreshments are included during contact days.
